

LAND OF SEA AND SUN

Land of Sea And Sun
Remember the last night you walked on my shore
Thousand lights in the sky but you wanted more
Only the call of my ocean
makes you come back with no fear
Land of sea and sun
Welcome to my life
Your paradise
Every time that you leave me and go off someplace
The moon casts a shadow revealing your face
I will be waiting for ever
The moment I'll see you again
Land of sea and sun
Welcome to my life
Your paradise
Land of sea and sun
Welcome to my life
Your paradise
